

# OPTIMA

## MODULAR SEATING GROUP

Ideal when sanitary, weather exposure or security conditions preclude the use of upholstery. The OPTIMA® series offers a sturdy, yet comfortable, and economical alternative to bench seating.

Consisting of modular pieces, there is no limit as to how many can be joined in a row or combined with tables and back-to-back units to create different groupings. Available in matte textured surface finish.

### OPTIMA Modular

Model	Height	Width	Depth	Weight
OPT-S	27"	22"	30"	32 lbs.
OPT-T	16"	30"	30"	40 lbs.
